### **Date Seed Coffee**

Date Seed Coffee is prepared from carefully selected organic date seeds. With a coffee-like flavor, it brings you the joy of drinking a decaf herbal tea with many wonderful health beneficial properties such as

- Treatment of type 2 diabetes
- Osteoporosis prevention
- Minerals
- Blood sugar and cholesterol control
- hair loss reduction
- promotion of body immune system
- Preventing colorectal cancer

### **Date Seed Oil**

Date seed oil contains generous amounts of Omega-6 fatty acids, which are polyunsaturated fats that provide nourishment to the scalp. Apart from that, date oil is also rich in lauric acid, a saturated fatty acid that contains antimicrobial and antibacterial properties

Date Seed Oil Benefits for Skin, Hair and Health are huge. This oil is wonderful for hair, scalp and helps to strengthen the hair. When it binds with hair root, it prevents hair loss

### **Date Seed Enriched Bread**

A bread made up of wheat flour and date seed powder in an indirect heat baking oven to keep its delicious taste and healthy properties of bread while avoiding harmful gas flame residuals.

This functional bread holds beneficial properties such as

- High fiber content
- Diet food for weight loss
- Osteoporosis prevention
- Minerals
- Blood sugar and cholesterol control
- hair loss reduction
- promotion of body immune system
- Preventing colorectal cancer
